\$99

For over 100 years, America's best-loved fairy tale, THE WIZARD OF OZ has been delighting audiences around the world. Now the magic of Oz is in Cape Canaveral / Cocoa Beach. You will learn that the Wizard of Oz movie, which we love is only partially based on the one book published 39 years before. Additionally, 40 official Oz books continue the story.

The Museum offers an immersive experience—you walk the yellow brick road through towns and fields to the castle. As an extra bonus there is also an Immersive Van Gogh exhibit. Fly through the universe with the latest high-resolution images from the James Webb telescope.

After the museum we will drop you off at the Historic Cocoa Village for shopping. Lunch will be on your own.

Included in this very special price: Transportation and gratuities, and Museum admission.
